

Kissimmee Fla. Nov. 24th. 1917

Hon. H. Clay Crawford, Secy. of State,
Tallahassee Fla.

Dear Sir:-

As a member of the Board of Commissioners of State Institutions I beg to ask you a question which I trust you can reply to without being put to much trouble, it is this,-

Has the deed to the Board of Commissioners of State Institutions from the Trustees of the Internal Improvement Fund, been made transferring the six townships as a Reservation for the Seminole Indians and duly recorded ?

I understand the board at its meeting the latter part of Sept. gave instructions that the deed transferring this land be made, but I have never heard that the matter had been completed, and this I am anxious to know so as to report it to our Seminole Society.

Thanking you for this information, and with kind personal regards, I beg to remain,

Very Sincerely Yours

Secy. Seminole Society
