

THE STATE OF FLORIDA
DEPARTMENT OF AGRICULTURE
TALLAHASSEE

WILLIAM A. McRAE
COMMISSIONER

March 6, 1917.

Mr. J. M. Wilson,
Kissimmee, Fla.

Dear Sir:-

In reply to that part of your letter asking for a map showing the State lands, I will state that we are sending you our new map of Florida and a list of all the State lands not embraced in the drainage or Everglades district, revised to date, and also my report showing the number of acres owned by the State in each county. You can probably have some one in Kissimmee color these lands on the map with very little cost to you, should you find that you still desire the same after looking over the list of State lands.

I am always pleased to aid you all I can in any matter you may desire, and will be glad to have you write me if you desire anything further in regard to the State lands.

Yours very truly,

W. A. McRae
Commissioner of Agriculture.
