Mr. J. M. Willson,  
Kissimmee, Fla.,

Dear Sir:

Since receiving yours of Oct. 31, relative to the charging of tolls in the canals, I think I have seen every Indian from the Bag Cypress country.

They seem to be ignorant of the fact that a charge is made but this may be owing to the fact that they do not use them on account of sufficient water in the glades for them to go where they please and they report that the water in the canals is too deep for canoe poling.

Respectfully,

*Lucien A. Spencer*
