Re Pelly Parker Field

Dear Van:-

The enclosed letter from the tax assessor of St Lucie County will show you the latest stage of the Pelly Parker field matter.

Please think the matter over and tell me what is the best thing to be done. As I understand the case Coats could not make a good title if he sold, but he could very likely get it more complicated.

I have never had any reply from my letter to Billy Co-ne-pat-chee, but am still hoping to get him to come up and talk with us about the 100,000 acres near the Ten Thousand Islands. You and your Squaw must be at thatpaw-wew when it comes off. I will let you know.

Sincerely Yours,
