Dear Van:

I thank you for your letter.

When you put your thinker to work the situation at once
clears up. I will rejoice when Coats get what is
coming to him in this matter.

Yes I have ordered the abstract, but it has not
come. I have written to know about them to expect it.
as soon as I get this information I will let you know.

We now have a scrap on with our County
Commissioners, about selling the Abstract Books.

Sincerely Yours,
