

Burdick

Hutton & Co. P. 1000 N. 1st St.

11-2-29

Dear Mr. Wilson:

Glad to get your
letter, rec^d yesterday,

I came over here over
two weeks ago and am much
better than when I came

was taken with a severe
case of flu about 15th Jan
and it has held me down
since but I feel now that
I am on the up grade again
Both Will and his good wife
do everything - they can for my
comfort.

I had not heard of
the Park you speak of and

Says he has heard some talk
of it but nothing definite is
known, I don't think a
Park anywhere near the
Reservation would ever amt.
to anything. I believe if
you will write to Captain
Gordon of Miami he could
tell you something about the
Character of the Soil embraced
in that Reservation as he
has control of Wash. A. Messers, I
am told in that vicinity and
I expect he has been on
that Reservation. I at one
time would have liked

to have gone over in
but could not have the
trip now, and don't think
I ever could

Was sorry to hear of
Vans Agnew's illness & hope
he may soon be well.

Will is anxious for me
to make this my permanent
home but if I ever pull
myself together again I rather
think I will go back to
Colorado.

With kind regards

Yours sincerely
Joe Mosley
