

L I B R A R Y

STATE OF FLORIDA
Everglades Drainage District

Report of
Everglades Engineering Board
of Review

TO

Board of Commissioners

OF

Everglades Drainage District

Honorable John W. Martin, Governor, Chairman ;
Honorable Ernest Amos, Comptroller ;
Honorable John B. Johnson, Attorney General ;
Honorable J. C. Luning, State Treasurer ;
Honorable Nathan Mayo, Commissioner of Agriculture ;
Members.

By

Anson Marston S. H. McCrory George B. Hills

Members of

EVERGLADES ENGINEERING BOARD OF REVIEW

Tallahassee, Florida

May, 1927

TABLE OF CONTENTS

	PAGE
Letter of Transmittal	1
List of Figures	4
Part 1. Recommendations, Findings and Conclusions.....	5
Part 1. A. RECOMMENDATIONS	5
Section 1. 1927 Revised Plan for Everglades Drainage....	6
Section 2. Basis of 1927 Revised Plan for Everglades Drainage	6
1927 REVISED PLAN FOR THE CONTROL OF LAKE OKEECHOBEE..	6
Section 3. 1927 Revised Lake Okeechobee Control Canal Plans	6
Section 4. Recommended Maximum and Minimum Control Levels for Lake Okeechobee	7
Section 5. Main Drainage Canals not Available for Use as Control Canals During Critical Storm Periods.	7
Section 6. Regulations for Managing Lake Okeechobee Control Canals	7
Section 7. Revised Plan for Lake Okeechobee Levee.....	7
Section 8. Regular Patrol and Reliable Maintenance of Lake Okeechobee Levee Necessary	10
Section 9. Lake Okeechobee Navigation Requirements at Low Level Stages	10
Section 10. Control of Lake Okeechobee Levels by a Floodway to the South Rejected as Impracticable....	11
Section 11. Control of Lake Okeechobee Levels by Diverting the Flood Flow of the Kissimmee River Directly to the Sea Rejected as Impracticable	11
1927 REVISED PLANS FOR EVERGLADES MAIN DRAINAGE CANAL SYSTEM	11
Section 12. 1927 Revised Plan for Everglades Main Drainage Canal System	11
Section 13. Basic Engineering Conditions and Assumptions Recommended for Adoption in the Design of Everglades Main Drainage Canals	12
Section 14. 1927 Revised Plans for Everglades Main Drainage Canal System for Areas North and East of Line Shown on Figure 2	15

IV

TABLE OF CONTENTS

	PAGE
Table Showing Estimated Costs of Main Drainage Canal System	17
Section 15. Engineering Data not yet Available for Planning Main Drainage Canals for the Southwest Everglades	17
A 1927 PLAN FOR PROGRESSIVE EVERGLADES DRAINAGE.....	18
Section 16. Recommendation for Adoption by the Board of Commissioners, Everglades Drainage District of a 1927 Plan and Progressive Drainage of the Everglades	18
Section 17. Initial Improvements	20
Section 18. RECAPITULATION OF ESTIMATED COSTS OF 1927 REVISED PLAN FOR EVERGLADES DRAINAGE	22
ADMINISTRATIVE AND ENGINEERING ORGANIZATION	23
Section 19. Enlarged and Remodelled Administrative and Engineering Organization Recommended.....	23
Section 20. Suggested Outline of Enlarged and Remodelled Everglades Drainage District Administrative and Engineering Organization	24
Part 1. B. FINDINGS	26
HISTORY OF FLORIDA EVERGLADES DRAINAGE PLANS AND WORK PRIOR TO 1913	27
Section 21. The Inception of the Florida Everglades Drainage Project	27
Section 22. Beginning of Actual Construction of Everglades Drainage Works, 1904-1909.....	27
Section 23. Everglades Drainage Works Construction, 1909-1913	27
Section 24. Payment for Everglades Construction from the Internal Improvement Fund and later Reimbursement therefor by Everglades Drainage District..	28
Section 25. Present Everglades Drainage Law Passed in 1913	28
THE ISHAM RANDOLPH EVERGLADES ENGINEERING COMMISSION AND REPORT OF 1913	29
Section 26. The Isham Randolph Commission, and Report..	29
Section 27. Basic General Features of the Isham Randolph Everglades Drainage Plan	30
Section 28. Basic Details of the Isham Randolph Everglades Drainage Plan	31

TABLE OF CONTENTS

	PAGE
HISTORY OF FLORIDA EVERGLADES DRAINAGE PLANS AND CONSTRUCTION FROM 1913 TO 1927.....	34
Section 29. General Outlines of Florida Everglades Drainage Progress from 1913 to 1927	34
Section 30. Planning and Constructing the St. Lucie Control Canal	36
Section 31. Planning and Constructing Lake Okeechobee South Shore Levee	37
Section 32. Construction since 1913 of Main Drainage Canals	37
GENERAL DATA OF EVERGLADES DRAINAGE WORKS.....	38
Section 33. Historical Data of Progress of Everglades Drainage Construction	38
Section 34. Data of Annual Expenditures for Everglades Drainage Construction 1916 to 1926	39
Section 35. Data of Unit Costs of Everglades Drainage Works	39
Section 36. Proposed New East and West System of Main Drainage Canals Recommended by the Chief Drainage Engineer	40
Section 37. Data of Actual and Proposed Everglades Drainage Works	41
RESULTS TO DATE ATTAINED BY EVERGLADES DRAINAGE.....	44
Section 38. Results of Everglades Drainage Works Construction	44
Part 1. C. CONCLUSIONS	45
Section 39. Conclusions of the Everglades Engineering Board of Review on the Question Whether the Isham Randolph Commission 1913 Plan for Everglades Drainage was the Proper Plan to Follow.....	46
Section 40. Conclusions of the Everglades Engineering Board of Review on the Question Whether the Successive Boards of Commissioners, Everglades Drainage District, have Followed the Isham Randolph 1913 Everglades Plan in their Drainage Construction, and whether any Deviations made were Proper	50
Section 41. The Opinion of the Everglades Engineering Board of Review on the Question Whether the Engineering Work that has been done in the Glades has been done Correctly and Properly	52

TABLE OF CONTENTS

	PAGE
Section 42. The Opinion of the Engineering Board of Review on the Question Whether the Money that has been Expended in Payment for Everglades Drain- age Construction has been spent Economically..	53
Part 11. TECHNICAL DISCUSSIONS OF RECOMMENDA- TIONS	54
LAKE CONTROL	54
Natural Forces Affecting Lake Control	56
Recorded Storms	56
1922 Storm Period	58
1924 Storm Period	58
1926 Storm Period	58
1926 Hurricane Storm Tides	59
Possible Storms	60
Desirable Limits for Lake Control	61
Required Capacities of Control System	62
Recommended Features for Control System	63
Lake Okeechobee Levee	63
Storm Tide Gates	63
Control of Outlet Canals	64
Operation of Outlet Canals	66
Effect of Control on Lake Stages	67
Protection of St. Lucie Canal	68
Estimates of Cost	69
Resume	70
MAIN DRAINAGE OR ARTERIAL CANALS	72
Runoff Allowances	73
Subsidence of Muck	73
Location of Main Drainage Canals	75
Suggested System of Main Drainage Canals	76
Operation of Main Drainage Canal System	77
Estimates of Cost	80
Development of Final Design	81
Resume, Main Drainage Canal Recommendations.....	82
PROGRESSIVE DRAINAGE	84
Resume of Progressive Drainage	85
GENERAL RESUME	85
